Case Management Plus, a patient navigation program for people with serious mental illnesses, provides case management and social support to help people understand and manage mental health problems in the community. It is a free program that is available to every resident of the San Francisco Bay Area. To learn more, contact Case Management Plus at (800) 500-8809, or visit their website at

TAMU Service Connections is a newly formed consortium of universities that are all preparing to launch a patient navigation program for people with serious mental illnesses. This innovative program is designed to improve the outcomes of serious mental illness by empowering people with serious mental illness to connect with health care and recovery

services in their own communities. If you're interested in joining TAMU Service Connections, please email info@tamuserviceconnections.org.

Clinical Trials & Related Resources

The following links provide information on clinical trials for people with serious mental illnesses and recommendations for enrolling in clinical trials. People with serious mental illnesses need to know their rights to participate in clinical research and how to communicate with a research team about participating in a trial. The following links provide information on how to find and communicate with a study team about enrolling in a clinical trial.

Treatment Advocacy Center's Directory of Mental Health Treatment Advocacy Groups and Support Services

The Treatment Advocacy Center has compiled a list of treatment advocacy groups and other support services that people with serious mental illnesses can contact for a wide range of needs. Contact

the Treatment Advocacy Center at Families and Friends of Loved Ones with Serious Mental Illness Families and Friends of Loved Ones with Serious Mental Illness (FFOMLS) is an association of family members and friends of people with serious mental illnesses, and those who care for them. The FFOMLS website provides support and information to families, friends, and care providers about living with mental illness and the challenges it poses. There are also links to helpful resources and a forum where families can share experiences. Please visit their website at
