[Ricochet Infinity | Protected] About Ricochet Infinity. Ricochet Infinity is an awesome space game for iphone, ipad and mac. This game is available on iPhone, iPad and Mac. Advantages of this game : – Fun and exciting game for all ages – Easy to play and easy to manage – Big levels and frequent challenges – Absolutely Free to play Ricochet Infinity is a Breakout clone. In Ricochet Infinity you can play for a bit and then take a break or take a nap. Breakout is a famous classic game which is available for play free and on all platforms like iOS, Android, Mac, and PC. Ricochet Infinity is an online arcade game developed by Swiss studio Ricochet. Description of Ricochet Infinity: Ricochet Infinity has been designed by a single developer and this is one of the big differences from the other games in the same genre. The game consists of 216 levels with 4 special modifiers, to keep the game interesting and challenging. The 2 versions of the game are Free and Paid. The Free version has limitations like not having access to all the levels. The other game however does not have any limitations. The paid version, is available on iTunes App Store. The online version of the game is available to play in your browser and on any device. Features: A truly 3D version of a classic game Easy gameplay with no need for any special skills Exciting online mode for the game All levels and modifiers for the game are available for free If you like Breakout you will like this game too. It is very similar to Breakout and also very similar to Cosmic Crush. Ricochet Infinity – Best Game of 2017 Ricochet Infinity - Overview Ricochet Infinity is an 2d92ce491b
