using regex in Groovy I need to remove spaces using regular expression in Groovy. I have a file named as 1.txt, this file has all the words in it. I want to remove all the spaces between these words. Using groovy I used the following code.

```
f=new File("1.txt") def fStr = f.text def fStrArray = fStr.tokenize("\\s+") fStrArray.each { fStrArray.remove(it)} fStrArray.each { fStrArray.add(it)} f.write(f
