

Orcad 16.5 Demo Software Download

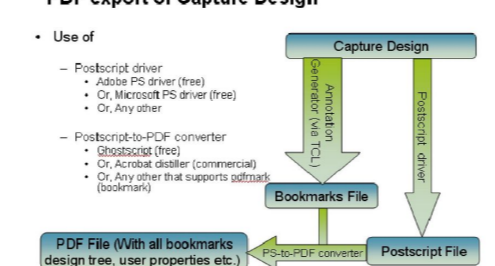

3 Requirements

- 1) OrCAD Capture release 16.3, http://orcad.com
- 2) Third party Postscript to PDF converter

As you can see on the following use model, a Capture Design is converted into Postscript Files with a Postscript Driver. A separate Postscript to PDF converter creates the PDF Document.

OrCAD Archimedes, OrCAD Emprise and OrCAD IDAS. Get your design ideas off the page and into the CAD software. For more information, please visit: Designer of the Year Award 2009 OrCAD was announced as the winner of the 2009 Designer of the Year Award at the IDSA's BSP Design Excellence Awards on September 24, 2009 in Orlando, Florida. OrCAD was one of four finalists announced for this award during the ceremony, and was judged on its track record of software development, as well as on the design innovation it has brought to the desktop electronic design arena. OrCAD has become an industry leader in rapid prototyping, it's wide variety of software has been used in automotive design, military simulation, and aerospace. The OrCAD software suite is the cornerstone of Design Services' Professional Circuit Board design, it has evolved into the flagship of the company's desktop electronic design software suite, providing functionality for PCB and MOSFET design for embedded systems and industrial control, and improving it by the day. The OrCAD electronic design software suite includes free versions of the desktop versions of OrCAD Capture, OrCAD, OrCAD Archimedes, OrCAD Emprise, and OrCAD IDAS. Designers can use this software to create projects with quality, ease, and consistency. The OrCAD electronic design software suite also includes OrCAD OPD, OrCAD Motion Designer, OrCAD Motion Programmer and OrCAD Motion Office.
