
A: The link you posted is for a 'fake' copy of the game. "Revealer Keylogger Pro Edition, [Cracked] 14bfdcm" You can see that the name of the game it claims to be cracked is "Revealer Keylogger Pro Edition, [Cracked] 14bfdcm" That cracked version never existed, so it is fake, so there is no need to search the internet for it. What you're really after is a version of the game that is non-cracked, but installed correctly. The quickest method to get the correct cracked version is to search for the game on Google using the title of the game. You can also use a direct link to the cracked version. The following is a list of cracked versions of the game from the same site that you linked in your question: Revealer Keylogger Pro Edition, [Cracked] 14bfdcm. Revealer Pro Edition 1.3 [Cracked].
