You can even use it to play PC games on the Xbox/PS4, as long as they support. 20 Coolest Video Game Easter Eggs/Puzzles Video games are full of easter eggs and puzzle elements. If you've seen a movie recently, you know what I'm talking about. You see something that you knew was in the movie was a "joke" when you saw it and laughed. Video games are the same, but I'm not talking about the obvious ones. Take Scrapland for example. I'm 100% sure that I have seen this land before and I know exactly where it is. I saw it in BioShock and for some reason it didn't hit me until much, much later. Then I found it in a list of places in Left 4 Dead and then it finally hit me. All the while I was thinking to myself, "What on EARTH is a 'Scrapland'?" Once I realized what it was, I laughed and laughed. Now I get it every time I go to the place in Left 4 Dead that I was talking about. Then you have video games that have a puzzle element that you solve. Another fun example of this is that when you get to the final boss of the "Gears of War" game you have to solve a puzzle with a missing piece. It doesn't matter what puzzle you're solving, because in the end the puzzle is always the same. It's different in that you need to solve the puzzle by reaching a certain point and picking up the missing piece. Then you move on. That's another thing, video games have puzzles! You can't have a puzzle without the answer. Now there are puzzles that you can figure out
