Roblox is an online game platform and game creation system developed by Roblox Corporation that allows users to program games and play games created by other users. Created by David Baszucki and Erik Cassel in 2004 and released in 2006, the platform hosts user-created games of multiple genres coded in the programming language Lua. For most of Roblox's history, it was relatively small, both as a platform and a company. Roblox began to grow rapidly in the second half of the 2010s, and this growth has been accelerated by the COVID-19 pandemic. Roblox is free to play, with in-game purchases available through a virtual currency called Robux. As of August 2020, Roblox had over 164 million monthly active users, including more than half of all American children under 16. Although Roblox has received generally positive reviews from

**ones who get from their hard work into the game who can gain free robux. You can sometimes find a particular game where players are spending their time and is not earning much from it in terms of robux. But that is by no means a rule. The player may be spending a lot of time and have a lot of skills invested in playing such a game. So when he or she starts to generate robux with a lot of ease, he or she is earning high amounts of the game currency, the Robux, every game. And these games are very popular. Basically, any game and any amount of robux that can be generated. The main thing to look for is a particular game where the players are spending a lot of time to it, like when they spend the whole day playing a game. This may be a serious issue. Cheaters**
